

“PV Activities in Japan and Global PV Highlights”

– Our flagship monthly report specialized in PV in Japan –

Executive Editor: Osamu IKKI, President, RTS Corporation

RTS Corporation has been publishing “PV Activities in Japan and Global PV Highlights” since 1995. This flagship monthly report provides the latest information on PV activities in Japan and highlights of the global PV activities. It covers monthly trends of all the sectors related to PV in Japan ranging from national government to end users. The report also covers topics from Japan including this month’s mega solar and PV shipments. Global topics are also covered in the report such as quarterly trends of solar cell production by global top PV manufacturers. Our monthly report “PV Activities in Japan and Global PV Highlights” has been acquiring an international reputation.

To order, please fill out the order form on the reverse side and send via facsimile to +81-3-3553-8954 or e-mail to order@rts-pv.com.

Contents

☀ PV Highlights in Japan :

Monthly PV Highlights (New!), Summary of the national PV budget, summary of Japan’s PV related programs and policy concerning PV, domestic PV conferences & exhibitions, PV cell/ module shipment volume, etc.

☀ Global PV Highlights:

Major PV conferences & exhibitions, installed capacity of PV systems in the world, global solar cell production, etc.

☀ Monthly PV Photo Gallery :

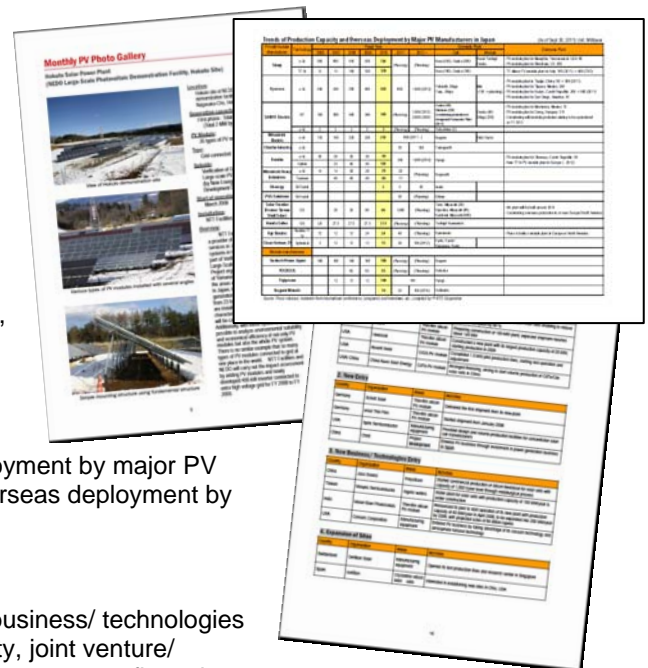

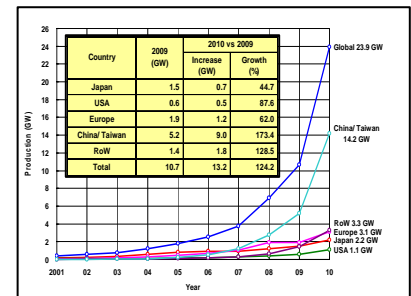

Interesting photographs of PV systems recently installed in Japan and overseas with descriptions: residential PV systems, PV systems for public, commercial and industrial facilities, etc.

☀ Topics from Japan :

- News from the national and local governments, utilities, PV material/ component manufacturers, PV cell/ module manufacturers, balance of systems (BOS) manufacturers, industry players using PV power generation, PV manufacturing equipment and measuring device makers, financial institutions, R&D institutions, and end users
- **This Month’s Mega Solar (New!), PV Shipments (New!),** trends of production capacity and overseas deployment by major PV manufacturers and trends of production capacity and overseas deployment by major PV manufacturers

☀ Topics from the World :

- Topics from global PV industry covering new entry, new business/ technologies entry, expansion of sites, expansion of production capacity, joint venture/ business partnership, M&A/ restructuring, order/ supply agreements, financing
- Trends of production capacity of polysilicon manufacturers
- Trends of solar cell production (shipments, sales) by global top 15 PV manufacturers (quarterly)
- Trends of production capacity by global top 15 PV manufacturers

RTS Corporation is a Japanese consultancy exclusively engaged in photovoltaic (PV) power generation. Our research and investigation contribute to Ministry of Economy, Trade and Industry (METI), New Energy and Industrial Technology Development Organization (NEDO), National Institute of Advanced Industrial Science and Technology (AIST), Japan Photovoltaic Energy Association (JPEA), leading PV cell/ module manufacturers in Japan and overseas, major electric utilities, major silicon manufacturers, users of PV systems, equipment companies and a wide range of PV players in Japan and overseas. Our monthly report “PV Activities in Japan and Global PV Highlights” has been acquiring an international reputation.
